Due Date: **February 9, 2017**
Point Total: **10 points**

1. *Small Draft map of California Missions*
2. *Write-up*

This is the first step for creating your semester long project - a 24" x 18" map of the California Missions.

Draft map of California Missions:

- From within ArcMap create a sketch map of California on letter size paper, with California Missions shown.
- You will need to find or create the mission layer.

- With pencil/pen show where other relevant information will be located on the page.

Write-up
- On a separate piece of paper list of layers that you may want on the final map.
- Include where they may be found

- What additional information will you show in the white spaces of the page?
- What information about the missions will you highlight?
